

VENCO® **VP6S PICKUP HOIST**

FOR 1999 & 2000 CHEVROLET
SILVERADO AND GMC SIERRA

- Turn your 8' pickup box into a 6,000 lb. capacity dump truck.
- Completely hidden installation – raises the box only 1/4", retaining the original look of your pickup.
- Designed exclusively for the 1999 and 2000 Chevy Silverado and GMC Sierra ensuring easy installation and a perfect fit.
- Easy bolt-on installation – No welding.
- Integrated lifting plate, hinge assembly and body stiffener forms a rugged body understructure to rigidly support the pickup floor.

- Bumper relocation kit and body skirt allows a 45° dump angle.
- Electric/hydraulic pump offers industrial strength performance in your choice of:
 - ES – Single acting (Gravity down)
 - ED – Double acting (Power down)
