Pro-Lift® T1400

ELECTRIC 750 LB CRANE

The Pro-Lift T1400 is the perfect addition to your light duty vehicle. It makes lifting, loading, unloading, and positioning quick and easy. The T1400 is great for jobs too heavy for manual lifting and too light for expensive rental equipment.

FEATURES

- ◆ 750 lb Capacity for 3/4 and 1 ton Pickups*
- ◆ 500 lb Capacity for 1/2 ton Pickups*
- ◆ Manually extended two-position folding boom
- ◆ Manual rotation torque handle
- ◆ Bi-directional 12 V DC removable winch positively controls rate of descent
- ◆ Easy grip remote control pendant allows operation from a safe distance

WINCH SPECIFICATIONS

- ◆ High torque motor
- ◆ Vented disk brake with double-acting calipers
- ◆ Coated contact tips
- ◆ 30 amp circuit breaker
- ◆ 12 ft of 1/4" wire rope

CRANE SPECIFICATIONS

- ◆ 54" stored height
- ◆ 16" x 16" mounting base
- ◆ 152 lbs

Convenient knockdown style enhances driver vision and makes total use of available space.

*Recommended lift capacities are only for the crane unit itself and not necessarily the capacity at which the crane should be operated. The crane capacity is limited by the condition of your vehicle and the method of installation and the supporting structure that has been added to the vehicle to spread the force of the loaded crane over as wide an area as possible.
