

# ELECTRIC/HYDRAULIC CRANES CT310KX

## SPECIFICATIONS

<b>Lifting Capacities:</b>	1,900 lbs
<b>Crane Rating:</b>	6,650 ft-lbs
<b>Mounting Space:</b>	10-1/2" x 10-1/2"
<b>Stowed Height:</b>	67"
<b>Rope Diameter:</b>	3/16" @ 50'
<b>Line pull speed:</b>	30 ft/min (Single-line) 18 ft/min (Double-line)
<b>Max. Single-line:</b>	950 lbs
<b>Max. Double-line:</b>	1,900 lbs
<b>Rotation:</b>	360° Continuous

<b>Power Supply:</b>	Power Supply: Electric 12V DC
<b>Requirements:</b>	Requirements: 12v DC Battery

<b>Hydraulic Req:</b>	No hydraulics
-----------------------	---------------

<b>Boom Elevation:</b>	-50° to +60°
------------------------	--------------

<b>Controls:</b>	12V DC Proportional Hyd
------------------	-------------------------------

<b>Boom Extension 1:</b>	Hydraulic 4'5" - 6'5"
--------------------------	--------------------------

<b>Boom Extension 2:</b>	Manual: 6'5" - 9'3"
--------------------------	------------------------

<b>Weight:</b>	474lbs
----------------	--------

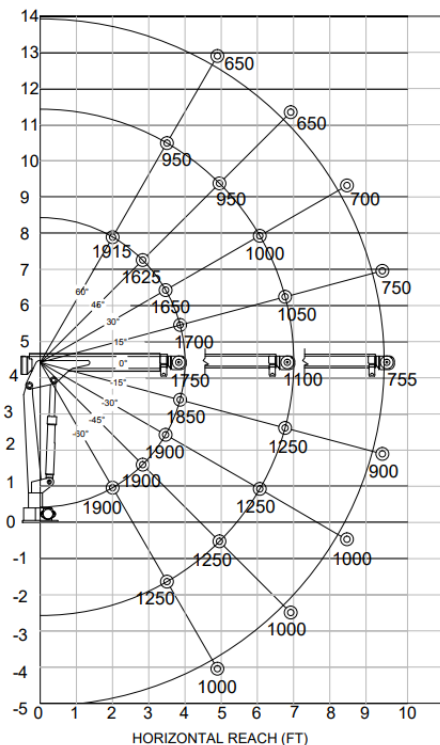

<b>Minimum Vehicle Class:</b>	No minimum
-------------------------------	------------

<b>Optional:</b>	- Cored - Cored & Wireless
------------------	----------------------------------

The Venturo CT310KX Electric Mast Crane is a four-function electric crane which features a heavy-duty planetary electric winch and a small footprint. The crane features an electric winch with hydraulic rotation, hydraulic elevation and hydraulic boom extension. The CT310KX comes standard with proportional controls for all hydraulic functions to assist the operator in speeding up or slowing down the movements of the crane.

MAXIMUM LOAD CAPACITY CHART

## FEATURES

- FRICTIONLESS MANUAL ROTATION**  
 Manual 360-degree rotation with a band brake provides unlimited, easy-to-use controlled load positioning.
- POWERFUL 12V DC ELECTRIC WINCH**  
 ET Series winches combine a powerful permanent magnet DC motor with robust sealing and a proven 3-stage, all-metal gear train. Permanent grease lubrication provides years
- MULTI-CONFIGURATION OPTIONS**  
 Custom cut-down of Mast height and multiple boom length options to fit a wide range of applications
